Hi Sarvy – It looks like the Corps will be done with their review this week. Shannon is only in until Thursday this week and she will need time to review any comments from you and we will need time to incorporate them. The big goal is to get the document out for signature this week so whatever you can do to expedite your review here early in the week would be greatly appreciated. We have been delayed for about three months and we really need to get this thing out for signature this week if at all possible.

Thank you so much for your assistance and if you need anything please do not hesitate to call any of us! :)
